

Global Debt Facility

Wednesday, September 27, 2017

The Banking Cartel keeps on sending crooks to do their bidding, and hopes I will sell out at last. I am attaching my response this morning to the latest attempt at theft of the world's assets in the Global Debt Facility.

I am also including the email a year and a half ago from Edmund Dunne. The Banking Cartel holds the patent on the blockchain. Just remember that "all the world is a stage" when you start to get confused by the various stories.

During the Global Currency Reset, for those who want, there will be plenty of time to look back and sort out what the various actors were up to.

Neither you nor your Foundation nor Tiburcio Villamor Marcos have been authenticated by the Board of Governors of the World Bank and IMF and have no claim to the assets in the Global Debt Facility. Luis Yoyong's claim that he holds the documents as the Sole signatory has been extinguished by the Statute of Limitations, as was the intention of Ferdinand Marcos and José Rizal when they established the World Bank and IMF, and arranged for the signature of the Bilateral Minesfield Breakthrough Successor Agreement, which governs.

In summary, I am adding this communication to my list of failed attempts to steal humanity's wealth. Good-bye. I am blocking you.

Dear Ms. Karen,

Its been a couple of years already when we had in email.

Do you have any info about a certain Paul Munro?, He is the one sent from New York who came to search people holding the Documents Ferdinand Marcos cared off. I have been communicating to him because he said that he is pro humanity but I had an info that he is affiliated with the CIA.

As of now I am appointed as provincial secretary officer of the Filipino Samaritan Foundation, by whom the founder is Mr. Camilo D. Banay and he set up this foundation since 1998 but until now they were not able to implement the purpose for humanity. He is connected to the said Tiburcio Villamor Marcos which I believe is the true person. The TVM that you mentioned before in one of your segment is Alex Payatos which is an impostor according to sources and he is affiliated to the Rostchilds.

We in the Samaritan had already been organizing a body and making perspectives of projects to be constructed for the humanitarian mission but we at the moment are on idle because many of the engineers and members already backed out because they cannot wait for the disbursement of the funds as been promised by the Foundation.

As a proof of authenticity of the Foundation is that there is a Video where TVM and Mr Camilo D. Banay are with Paul Munro. But the latter is no longer pursuing to TVM but rather to Luis Yoyongco who also claims that he holds the documents as the Sole signatory of the Global Assets. I am so puzzled with all of these.

Pls give me guide what is the credibility of Tiburcio Villamor Marcos as the signatory. If you want to see his video , pls find the "Tubercio Villamor Marcos" I believe he is genuine not the Alex Payatos which you mentioned before.

If ever TVM is credible, how can our foundation be guaranteed to be given a good fund for the humanitarian purpose?

Thank you and God Bless.

Thank you for writing. I did not receive your email when it was sent, but just now. I am glad to know you, but not interested in any merger proposal. The Board of Governors of the World Bank and IMF are in charge, and have approved the Global Currency Reset. I do not play fast and loose with the world's patrimony.

[after sending this I did an internet search for Mr. Dunne and found out he is trying to steal the world's patrimony by abolishing the World Bank and IMF]

Edmund JM Dunne Rest, refuel and reflect - how very civilised and so important to allow the correct time and space for this deep appreciation of what Royalism truly is. Hopefully the foods and drinks will all be tip top and healthy and wholesome stuff for the little people.

Martin Coleman I agree Edmund, therefore I'm sure correct time and space will be allocated for deep appreciation of the oppression theft which gave the monarchy it's wealth and status. Oh, and they fail to point out that the £37 million is coming from the taxpayer.

Edmund JM Dunne The past cannot be changed but it can learnt from and applied to the future. Matters of expenditure are a matter for the Keeper of The Privy Purse. I would envisage the engagement of the children will allow the modernisation and indeed emancipation of Royalism to move towards more inclusive and benevolent ends. While it is never wise to express favour towards either side of any opinion on any matter I feel quite sure in myself and my considered and expert opinion this initiative is very honest and sincere.

Edmund J M Dunne Onwards and Upwards - the industry had to change to remove to the old guard. Hand it over to new and bright minds and let them run it for the better. Deeply proud of this groundbreaking initiative. 2016 to remove both IMF and WB in line with UN 2030 which be delivered by 2020. Avanti :)
