

INTRO

Good evening, I am your host, Karen Hudes. Welcome to this DCTV Series about the Network of Global Corporate Control, also called the Banking Cartel. Today's segment is live and is about the "show of force to the CIA" by a Marine Expeditionary Unit. Thanks to DCTV, Carmen Stanley, Director; Maurice Jackson, Audio and Prompter, and _____, Floor Director.

There is agreement that the Marines landed on the lawn in front of the CIA in Langley, Virginia and stormed the CIA on November 18, 2017. What is more, the US military knows that the CIA is headquartered in Switzerland, and does not have the security interests of the United States as its mission. The CIA is trying to get the world's assets back under their control. The assets of the world were deposited with the World Bank and IMF by Jose Rizal and Ferdinand Marcos at the end of WWII.

The people who have been following this series know that I am speaking for the beneficiaries of the trust containing the world's assets, called the Global Debt Facility, and that I am describing what a coalition of the world's people is doing. I am showing you the proof that I speak for the Global Debt Facility with these links:

<https://s3.amazonaws.com/khudes/Twitter12.31.15.pdf>

<https://s3.amazonaws.com/khudes/Twitter12.30.15.pdf>

<https://s3.amazonaws.com/khudes/Twitter12.28.15.1.pdf>

If time permits, we will have a closer look at the details of the Global Currency Reset.

The existence of a coalition, which I call the "Coalition for the Rule of Law," was predicted by a Power Transition Model that has a track record of 90-95% accuracy. The Power Transition Model came to me in 2004 from the US National War College. I remain in touch with the members of the Coalition for the Rule of Law, which includes the Japanese and German military.

After my twenty years in the World Bank's legal department, I was fired for reporting corruption at the World Bank and in the world's financial system. I teamed up with other World Bank whistleblowers. I also reported the corruption at the center of the world's financial system to all of the World Bank's members, and to US Congress, including the Senate Committee on Foreign Relations, which was then headed by Joe Biden, and had Hillary Clinton and Barack Obama as members. You can review the $2\frac{1}{2}$ years of archives of this popular series, and see from the comments section what the

Coalition for the Rule of Law has been saying as we fight the Banking Cartel and clean up the corruption from the Banking Cartel. This corruption has come down to us from the previous ice age. In next week's segment, which we are pre-taping today, we will have a closer look at who is at the center of the Banking Cartel. Hint: the people at the very center of this corruption have been plaguing us at least since the previous ice age. We know that the largest pyramid in Egypt, Khufu, was built nearly 10,000 years ago.

The troops that entered the CIA were not arrested or charged with anything. I am not arrested. I am getting the monetary gold reserves of the US and other nations minted into the currencies of the nations. I am telling you that the US federal government and Donald Trump are illegitimate. The US Constitution of 1789 is not in effect, war powers

are used against people residing in the United States, and state governors do not issue titles to the property of people that live in their states.

I have learned as the Executive Producer of this series that it is important to set the stage for each segment to show why the issues we are covering are important. We are having a dialogue here with the world's people to clean up the corruption coming from the Banking Cartel. In the last segment we said that people are going to trade the Banking Cartel's lies for the reality that we have been discussing in this Series. And two weeks ago, during the last live segment, I said:

We are now implementing the Global Currency Reset. Donald Trump has not and the so-called commanders in the US military have not challenged my statements that they are not in control, and that the US government is not legitimate, and that I represent the US on the Board of Governors of the World Bank and International Monetary Fund that manages the monetary gold reserves of the nations.

As you can see from previous shows in this series, I give you proof of everything I say in the teleprompters. If there is anything I forgot to mention, I answer your questions after the segments are uploaded on the internet, usually on YouTube.

I am going to show you now a clip that provides background into the US military's direct battle with the Banking Cartel. It is a fight to the finish, and it is joined by all of the world's militaries. This interview with Chris Hudson was first published on November 4, 2013. Patience Wright forwarded it to me last August. We showed this clip in our segment on August 22, 2017. We are going to show you that clip again:

<https://www.youtube.com/watch?v=3Pla6JV8XRA&sns=tw>
[30:01 to 32:38](#)

What is so important about this clip? It tells you how I stand up to powerful people to get them to do what they are supposed to do. On December 30, 2015 a henchman delivered a very unpleasant message to me from General Joseph Dunford, Jr., and I told that stooge that I was not intimidated and that I was loyal to my job, and that Gen. Dunford, Jr. was not in command of the civilian government because the United States was in interregnum. <https://s3.amazonaws.com/khudes/Twitter12.31.15.pdf>

On January 8th I was attacked by DARPA military scalar technology, and I told the goons administering the attack that not a single cell, nor a single mitochondria in my body was going to surrender. I made a full recovery. I informed the public at large of the attacks and threats. <https://s3.amazonaws.com/khudes/Twitter1.29.16.3.pdf> I defeated that Vatican agent Anna von Reitz' attempt to steal the world's assets for General Dunford on January 26th, <https://s3.amazonaws.com/khudes/Twitter1.26.16.3.pdf>. The following day, in a letter to General Dunford, which I tweeted to the world, I held General Dunford accountable for refusing to reinstate Vice Admiral Tim Giardina and Major General Michael Carey after these heroes foiled the Network of Global Corporate Control's crime of flying armed nukes "from one end of the USA to the other" <https://s3.amazonaws.com/khudes/Twitter1.27.16.pdf>

Anna von Reitz tried again two more times to steal the world's assets in the Global Debt Facility. This year on July 5th she said that her husband, James Clinton Belcher, was the king of the United States, <https://mainerepublicemailert.com/2017/07/04/the-fifth-of-july-james-clinton-belcher/> In her third failed attempt to steal the world's assets for the Vatican, Anna von Reitz got her facts wrong and accused the World Bank and IMF, which didn't exist in 1933, of causing the bankruptcy of the United States.

Karen Hudes @KarenHudes · Nov 22

This is the third time that Anna von Reitz is trying to steal the world's assets. She is working for the Vatican. Meanwhile, loyal US military are shaking up the Banking Cartel, as expected.

The Banking Cartel's agents are trying to confuse you. Just before this segment, Wolfgang Struck sent an email trying again to steal the assets in the Global Debt Facility. I invalidated Wolfgang's attempt. Not a single country, not even the United States, has argued that I do not have the authority to invalidate these attempts at theft. That is probably because they do not want to plunge the entire world into WWII. In any event, my word goes on anything to do with the Global Debt Facility. Where Wolfgang Struck and Anna von Reitz try and contradict me, I simply point out that they have no authority, and that they are lying. Remember, for anything to do with Global Currency Reset, if I didn't say it, it is just a Banking Cartel lie.

Dear Bengt,

Thank you for raising this very central question. I did not receive your email when you sent it, The fusion center held it, and then decided to release it to my inbox. It was delayed anywhere from 6 to 16 hours.

As you know, (and as I have informed you), from the time that you started forwarding me emails from Wolfgang Struck, I have viewed you as "controlled opposition", that is, someone who is trying to win my trust with helpful information, but who also sometimes includes not-so-helpful information.

The Banking Cartel is not in control. There is resistance, coming from me and the rest of the Coalition for the Rule of Law. This coalition includes the Board of Governors of the World Bank and International Monetary Fund that administers the Global Debt Facility containing the world's wealth. This coalition includes a critical mass of humanity that is aware of the corruption in the money system. We are communicating through my social media on the internet (see contact information at the foot of this email)

I have already pointed out many times that the US military reads the internet and is aware of General Dunford and other brass' treason. I have already pointed out that Donald Trump does not speak for the United States, and that the rest of the federal government is not duly constituted, as it was disbanded in bankruptcy. We have all known this from James Trafficant:

The statement by Representative Trafficant in the United States Congressional Record, March 17, 1993 Vol. 33, page H-1303 (Ohio) addressing the House that the Federal Government was declared bankrupt.

<https://s3.amazonaws.com/khudes/Twitter3.24.17.2.pdf>

The statement in the Utah Supreme Court that the US is under martial law. Actually, in 1861 the US was placed under secret martial law. <http://thetexasrepublic.com/wp-content/uploads/2015/02/IN-THE-SUPREME-COURT-of-Utah-Dyett-v-Turner.pdf> (See page 50: "What most people don't realize is that they have been under Martial Law Rule for over 60 years")

I have been talking about the fact that the government in the United States was illegitimate for a very long time; also to the US military. The US military has confirmed this fact back to me, including in the July 3 email: <https://s3.amazonaws.com/khudes/Twitter7.3.16.pdf>

The US military did not like what happened when they were ordered to nuke Charleston SC on October 7, 2013, or fire a first strike against the Soviet Union on 3.15.15. The US military is loyal to the American people and to the Constitution of the United States. The loyal military were fired for refusing to nuke US citizens in Charleston SC on 10.7.13 (including Vice Admiral Tim Giardina and Major General Michael Carey) and for refusing to launch a first nuclear strike against Russia on 3.15.15 (Commander Heather Cole and General Dana Pittard).

Moscow State University has published a timeline showing that the Network of Global Corporate Control has been systematically censoring ancient history <http://www.chronologia.org/en/> The Soviet Union is very aware who was ultimately responsible for the 25 million deaths in WWII. See Minute 3:26 of this clip of Major General Konstantin Petrov, Leader of Russia's Conceptual Party, and Head of the Opposition Project 'Concept in the Civil Security'. <https://www.youtube.com/watch?v=iFRVVurdAXU> Konstantin Petrov died on July 21, 2009. He supposedly died of natural causes, but his friends and colleagues still believe that Petrov was poisoned: Source <http://en.censor.net.ua/p369237>

The fact is that the US military is in open insurrection. The US monetary gold reserves are keeping the United States military solvent and able to fulfill US treaties to defend Japan and Germany. This is keeping the entire world out of WWII.

The DCTV show on June 6, 2017 mentioned that the Board of Governors of the World Bank and IMF have appointed me as the representative of the United States until the government of the United States has been duly constituted when the United States Constitution of 1789 goes back into force and effect under Article V. The organization COS (Convention of States) is being run by Banking Cartel gatekeepers. COS have never answered this criticism, which is an admission. On July 24th I tweeted my conversation in 2015 with the Convention of States Project, asking them why they were not starting from the right page. If I was in error, it was incumbent on them to point this out. The silence is damning.

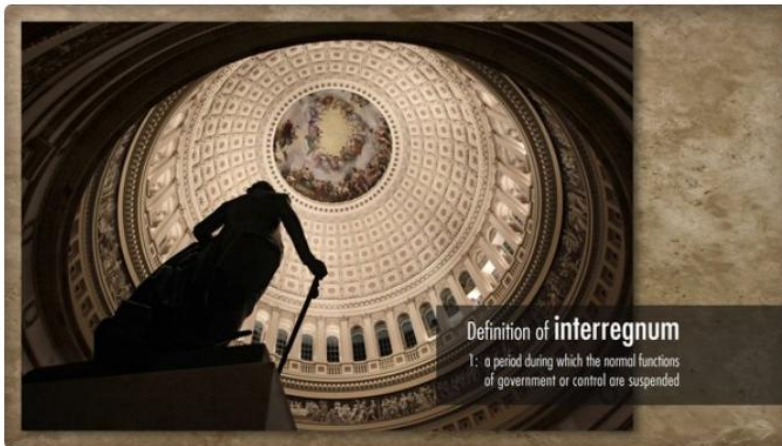

<https://s3.amazonaws.com/khudes/Twitter7.30.15.2.pdf>

OUTTRO Thank you for listening to "The Network of Global Corporate Control." I have been telling you: "The fact is that the US military is in open insurrection." Today's program has shown you that this is so and that we are ending the corruption in our money system. Until next week, I am your host Karen Hudes on this series about the Banking Cartel.

As I tweeted on November 6, 2015, the United States minus the Fed is joining the AIIB:

Twitter deleted this comment (it must have gone viral and it can still be viewed on Hootsuite via the retweets)

The Network of Global Corporate Control was reported by Vitali, Glattfelder, and Battiston of ETH Zurich in http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf

The Global Currency Reset is returning the world's gold to the world's people by replacing paper currencies with currencies out of gold buried in the Philippines in the Global Debt Facility managed by the Board of Governors of the World Bank and International Monetary Fund. Villages and towns are also issuing local currencies. Country debt is cancelled against the Treaty of Versailles bonds held in the Global Debt Facility.

<https://s3.amazonaws.com/khudes/Treaty+of+Versailles+Gold+Bullion+Certificates.pdf>

You have not heard from any country denying that I speak for the Board of Governors of the World Bank and IMF. Yesterday I tweeted the letter to the 25 Ministers on the Development Committee <https://s3.amazonaws.com/khudes/Twitter12.30.15.pdf> This letter contains the details how the Federal Reserve Notes are first being replaced by Treasury Dollars held by the Global Debt Facility

<https://s3.amazonaws.com/khudes/UBS+UNCUT.pdf> Ronald Reagan printed these dollars before Hinckley shot him. Ronald Reagan's Grace Commission showed how 100% of all income taxes leave the country to go to the Network of Global Corporate Control. The Network of Global Corporate Control tried to hide the Grace Commission Report that was at this url: <https://archive.org/details/TheGraceCommissionReport-RevealedIrsFrontForBankingDynastiesIn1984>

but you can still find it at this url:

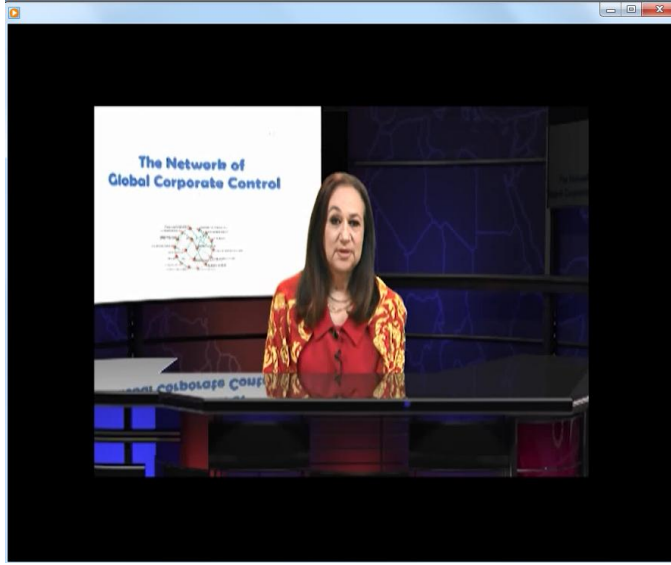

http://digital.library.unt.edu/ark:/67531/metacrs9044/m1/1/high_res_d/IP0281G.pdf

The Network of Global Corporate Control knows it is now in receivership in the Global Debt Facility, <https://s3.amazonaws.com/khudes/Twitter4.19.15.pdf> but is still trying to convince people who do not know this information that it is in control. It is not.

Yesterday, a man called me on my cellphone to offer to set up meetings with General Dunford. I said that I did not need his help, that the interregnum in the United States and martial law are ending peacefully through an Article V Constitutional Convention, and that General Dunford better stop following orders from the Network of Global Corporate Control because the US military is loyal to the people of the United States and not to the Vatican, the Jesuits, or the Network of Global Corporate Control.

Global Debt Facility

<https://www.youtube.com/watch?v=1YrbzPvr3mM>

The Network of Global Corporate Control interrupted the livestreaming at four minutes into the show, to censor this statement: "No government has challenged my statement that I am Legal Counsel to the Global Debt Facility."

The United States is in interregnum.

The Board of Governors of the World Bank and International Monetary Fund is replacing the Federal Reserve Notes with the US Treasury Dollars held by the Global Debt Facility. I am speaking for the Board of Governors of the World Bank and International Monetary Fund. Unless you hear to the contrary from any country, this statement STANDS.

Judges in the Federal Courts are refusing to carry out their oaths of office to sit in the courts under Article III of the Constitution. The states are handing out fake "warrants of title" rather than actual title to houses, cars, land, and other property that people thought they owned. Every single gun owner is on notice that the people sitting in office in the United States have been usurping the legitimate government that is guaranteed to them under their original Constitution of 1789.

Elaine,

Why are you writing to the Convention on States? They are an astroturf organization that is managed by the Network of Global Corporate Control.

[<https://s3.amazonaws.com/khudes/Twitter7.30.15.2.pdf>] Let's get real about how things are going forward. I am simply getting the information from the top to the bottom of the financial system and back again. The people at the grassroots levels, enough of them, see how the system needs to be restructured, fundamentally. The NGO's that are claiming to be speaking for everyone are not speaking for anyone but the Network of Global Corporate Control that is gradually getting phased out, and is now under public scrutiny. We are on a one way street to CLEANING UP THE CORRUPTION.

In the meantime, the mainstream media needs to be ignored totally as they are simply a mouthpiece for this now-totally discredited outfit.

How to describe the situation? Think of a big, fat, boor at a party that is dominating the conversation, and that a number of savvy people are speaking in softer, but still audible tones. The boor is using foul language, and disgusting everyone with his uncouth conversation. Pretty soon people are going to stop listening to the boor, tell him to shut up, so that they can hear the rest of the people at the party that are making sense.

So, yes, my comment is to ignore every pundit you have consulted, and start talking to real people on the street, who are getting up to speed.

Best,
Karen

Hi Karen,

I have come across some of your youtube videos accidentally today and you have left me with my mouth open at most of the videos.

What interests me to know is that, at the time of your discovery of the World's Bank's corruption and you informing all the other countries who are members of the World Bank, if you did contact Cyprus, and if so, is there any copies of your correspondence to and from the Cyprus government?

I just want to cross reference to what the Government is saying about this issue.

By the way, I am a Cypriot who has now opened his eyes as to what is happening in the

world and the domination of this world by the bankers. Maybe this is because I felt the pain of losing over a \$1 million in 2008.

Please keep up the good work and if there is anything I can do to help you in any way you think I can, please do not hesitate to ask.

Looking forward to hearing from you soon.

<https://s3.amazonaws.com/khudes/Twitter12.26.15.1.pdf>

concerning the Global Currency Reset from the assets in the Global Debt Facility, as described in <https://s3.amazonaws.com/khudes/Twitter4.25.15.1.pdf> .

This is a draft of the fifth and eighth action items in the Letter of Intent.

<https://s3.amazonaws.com/khudes/Letter+of+Intent.pdf> It was agreed with twenty delegations during the Annual Meetings in Lima, and subsequently cleared by email with the New York Missions and Tokyo Embassies, that any country which disagreed with my proposals would go on record in writing.

The purpose of these measures is to frustrate the efforts of the Network of Global Corporate Control identified by Vitali, Glattfelder, and Battiston of ETH Zurich http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf to bring on another Dark Ages through quantitative easing.

Successive measures in the Global Currency Reset will be agreed transparently and peacefully in due course. In addition to discussions in the Development Committee, the United States will join the Asian Infrastructure Investment Bank, and a means of converting the excess liquidity of Federal Reserve Notes that were acquired through economic transactions (and not through black operations) will include allocating shares of the publicly traded companies that are in receivership in the Global Debt Facility.

The Global Currency Reset is not deflating or contracting the amount of currency required for economic activities; Federal Reserve Notes will continue to circulate alongside Treasury Dollars and local currencies; excess Federal Reserve Notes will be retired in due course. Legal tender laws are no longer in effect; parties will decide which currency to use.

The initial procedure for exchanging Federal Reserve Notes for uncut United States Dollars held in the Global Debt Facility

<https://s3.amazonaws.com/khudes/UBS+UNCUT.pdf> will be as follows:

residents of the United States will mail a notice to the Development Committee on a form to be published, the amount of Federal Reserve Notes that they propose to exchange (up to \$1 million per resident), and the address to which the Development Committee's certification for the exchange is to be mailed. In order to exchange Federal Reserve Notes for Treasury Dollars, certification will be required.

Although initially demand deposits, savings deposits, money market mutual funds and other time deposits can include Federal Reserve Notes, eventually these will have to be disaggregated since only Treasury Dollars will be eligible for exchange into aurum.

<http://www.peakprosperity.com/podcast/84359/new-way-hold-gold> The design and denominations of the aurum will be determined by the US Mint pursuant to the Monetary Agreement that will be entered into in due course.

<https://s3.amazonaws.com/khudes/Monetary+Agreement-US.pdf>

Because of the corruption in the international financial system arising from the Network of Global Corporate Control, additional certifications for the exchange of Federal Reserve Notes will need to be determined after the United States has ended its interregnum pursuant to Article V of the Constitution of 1789. The amount of United States currency will be equivalent to its gross national product, and will also include local currencies in the villages, towns, and other local areas.

Sincerely,

Karen Hudes
