Outline

- We are spiritual beings with an immortal soul
- I talk to you and react to what you tell me. We are in a conversation about what it means when we have an immortal soul. How do I know that we have an immortal soul? That is a scientific fact, supported by medical research that has been published. This research studies how our brains work. Our brains are like the brains of the people we have been looking up to through the ages; our sages and our prophets.
- The Corona Virus -- What is really going on?
- What are we supposed to look out for?
- My history as a whistleblower and what I have learned
- What are the next steps?
- What are my temptations?
- The US and other countries' militaries -- gold fringe around the flag
- How do we learn from each other as we transition?
- What is fear
- What is stress and how does it affect us?
- How do we react to people who are different from us "Divide and Conquer"
- Discernment
- What happens when I post ?

The economic council announced by Trump includes executives, critics and friends.

President Trump recited some of the most prominent names of Wall Street and Silicon Valley on Tuesday, business leaders who he said would be advising him in when and how to reopen the country's economy. The announcement came after days of confusion about the makeup of what he has [described as his "Opening the Country" council](#).

Among those Mr. Trump said he had plans to speak with were Jamie Dimon, the chief executive of JPMorgan Chase; Stephen A. Schwarzman, the chief executive of Blackstone; Tim Cook, the chief executive of Apple; Mark Zuckerberg, the chief executive of Facebook; and Mark Cuban, the billionaire entrepreneur and outspoken Trump critic.

Dear People,

My videographer has postponed our shoot at my home until Thursday, and hopefully I can post a video on YouTube later Thursday night. In the meantime, I am going to be writing the teleprompter for the video; I will include two important tweets telling you about our progress in the battle with the Cabal and the Black Nobility at their center. This battle is waking everyone up. People are worried about whether they are going to starve during the lockdown for the Corona virus.

I am giving you a screenshot of some of the graphics that I posted recently. I learned to use graphics ever since someone taught me about TLDR "too long didn't read."

<https://dictionary.cambridge.org/us/dictionary/english/tldr>

TLDR

(also **TL;DR**, **tldr**, **tl;dr**)

abbreviation for too long; didn't read: used to comment on something that someone has written, for example on social media:

- *If a commenter responds to a post with "tl;dr," it expresses an expectation to be entertained without needing to pay attention or to think.*
- *I haven't been able to keep up with this thread (TLDR).*

This is what I posted after the first time someone told me "TLDR":

We aren't going to starve; we are going to care for each other like the loving humanity that we are. Here is what I posted on March 18th

Karen Hudes @KarenHudes · Mar 18

The Corona Virus makes no sense. This is to follow up on my tweet yesterday. I was exhausted by the battle, but am now feeling great after getting a good night's sleep.

I will show you the documents I posted at the end of my Tweet telling you about mysterious things that pop up unexpectedly; it can be on my computer screen; it can be fly-bys of advanced plane; or yesterday when a helicopter flew right along the road I was driving on.

In the middle of this tweet you are going to read three-year old emails that popped up in my gmail account from a woman I met at the 2016 Spring Meetings of the World Bank and International Monetary Fund. In 2017 SGibbs was still working at the IIF.

The first email in the thread was from an Indian whistleblower whom I got to know when we were working together at the World Bank. Sunil sent me his email in 2010 about a meeting in the US Congress.

It was only much later that I learned how most of the people in the US Congress were corrupt. Senator Lugar tried his best but didn't get very far in light of the fact that the Banking Cartel had suspended the US Constitution in 1871. I found this description of the corruption reported by whistleblowers I worked with in the World Bank:

The World Bank's Board of Governors rescinded the Gentlemen's Agreement for the US to appoint the President of the World Bank after its 187 members concluded that there was interference with proper Board oversight of the World Bank. <http://www.imf.org/external/np/cm/2010/042510.htm>

Why did members come to this conclusion? The World Bank stonewalled the GAO inquiry into corruption requested by Senators Lugar, Leahy and Bayh

http://www.huffingtonpost.com/sunil-chacko/senator-bayhs-long-bye-by_b_518141.html

following the firing of ten whistleblowers who revealed:

- cover up of corruption in the Philippines Banking sector
- cost over-runs in a corrupt Kenya school building project
- failure to address AIDS crisis in Africa
- \$20 million in interest rate overcharges to World Bank borrowers
- miscalculations of World Bank's capital and income adequacy
- retaliation against whistleblowers
- false certifications to conceal trust fund misappropriations
- racism and mismanagement in the Niger health sector
- intimidation of staff in the Institutional Integrity Department during Volcker Panel investigation
- cost overruns on the World Bank's headquarters building

I am at the center of humanity's battle because I am the lawyer for the world's wealth. It was José Rizal and Ferdinand Marcos who set us up for humanity's battle by depositing the world's wealth in the World Bank and International Monetary Fund in a trust for humanity.

The trust is still there. The world's wealth belongs to humanity. I have already written the minutes for the World Bank and IMF 2020 Spring Meetings, which you can read in this tweet:

Hi Sonja,

We spoke this afternoon. Here are the minutes on the Global Currency Reset to replace fractional reserve currencies using the gold in the Global Debt Facility administered by the Board of Governors of the World Bank and IMF, <https://s3.amazonaws.com/khudes/1springmeetings.pdf> and my email to the 50 Adjutants General concerning the martial law in effect in the United States: [@KarenHudes](https://twitter.com/KarenHudes)

The United States of America preventing the threat of a possible second Dark Ages.

The likelihood of a Global Currency Reset is 90-95% according to this power transition model coming from the US Department of Defense:

During the Spring meetings I was dealing with a coalition on the Board of Governors, which is why the countries do not dissociate themselves from my statements (and minutes). I have liens on the Federal Reserve Banks <https://s3.amazonaws.com/khudes/ucc1.pdf> The Secretary of State of Illinois attempted to invalidate this lien, but the Ministers of Finance and Development have asserted its validity:

INTRO Good evening, I am your host Karen Hudes and our first show of 2016 in this series about The Network of Global Corporate Control is coming to you live from DCTV's studio in the nation's capital. What is the Network of Global Corporate Control? It is a mega conglomerate that uses secret societies to do its business in the shadows.

Today's show is about my letter to General Joseph Dunford, Jr., Chairman of the Joint Chiefs of Staff, telling him that there is a Global Currency Reset to switch from paper currencies all over the world to gold, and about the switch out of Federal Reserve Notes.

The Silliest Show on Earth

The Silliest Show on Earth

I post archives of this series on the internet; when I could not post 3 of the shows on YouTube (on Secret Societies, on Gold, and on the Military), I posted them on archive.org. I will answer your questions by email: karenhudes@hotmail.com, or comments on other social media.

The US military tried to justify limiting access of soldiers to the social media: I shot down this idea in a tweet to Major John Spencer
<https://s3.amazonaws.com/khudes/Twitter11.6.15.1.pdf>

This is in response to your op ed in the New York Times bemoaning soldiers' access to social media. The real problem you are facing is that social media has ended the censorship by the now bankrupt Network of Global Corporate Control identified by Vitali, Glattfelder, and Battiston of ETH Zurich
http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf Most Americans, and that includes soldiers, know that the New York Times is simply bankers' propaganda and nothing more.

Background: In last week's show I explained the agreement reached at the World Bank and IMF Annual Meetings in Lima, Peru last October that I was authorized to speak on behalf of the 188 Ministers of Finance and Development on the World Bank's Board of Governors concerning the Global Debt Facility.

The Global Debt Facility contains the US and rest of the world's monetary gold reserves and other wealth. The Global Debt Facility is a Trust that Eisenhower, Truman, and the rest of the world's leaders and royalty established at the end of WWII. In previous episodes, we discussed some of the other assets in the Global Debt Facility besides the world's monetary gold reserves:

the Kohinoor Diamond,

Kohinoor, a diamond-with a history

a train buried in Poland in a tunnel containing the Amber Room,

and Monet paintings

I have written to the embassies that are now dealing with these assets, reminding them that it is the Board of Governors of the World Bank and IMF that are responsible for administering the Global Debt Facility, and not the individual governments. That is why the news said about the Nazi gold train in Poland "There may be a tunnel, but there is no train." s3.amazonaws.com/khudes/Twitter12.19.15.2.pdf

How did I get to be the Overseer Mandate Trustee for the Global Debt Facility? I am a lawyer and economist who worked in the World Bank legal department for 21 years, and reported corruption at the World Bank. After I was illegally fired in 2007 I did not quit. That was because a political scientist named Jacek Kugler, who developed an accurate political science model in the Department of Defense about how to end war, came to the World Bank in 2004. The power transition model showed that in order to avoid WWII, it was necessary to keep Germany as an ally.

I have been following this power transition model like a blueprint. That is why I reported to Senator Lugar in 2006, <http://kahudes.net/wp-content/uploads/2012/05/exhibit8.pdf> that Eckhard Deutscher, the representative of Germany on the Board of Executive Directors at the World Bank, said that the Executive Directors at the World Bank were treated like mushrooms, kept in the dark, and covered with fertilizer. The Federal Reserve and the US Treasury Department do not contain Germany's international gold reserves; these are in the Global Debt Facility. That is why the US Treasury Department lied to Germany when Germany asked for its gold back in

2013. http://www.businessinsider.com/german-gold-claw-back-causes-concern-2013-1?pundits_only=0&comments_page=1#comment-5101029269bedd056a000002

since then, Germany's second largest business website published an article about why a German helicopter buzzed the US Consulate on September 9, 2013
<https://s3.amazonaws.com/khudes/Twitter1.28.15.pdf>

Sputnik news carried my comment in an article called Berlin's Dilemma: German Politicians Eager to Restore Relations With Russia
<http://sputniknews.com/europe/20151211/1031575130/germany-russia-relations.html#ixzz3wHMbYwtJ> In preparing the teleprompter for this show, I went to see if the Sputnik comment was still there. It was missing on my PC and I thought Sputnik had taken the comment down, so I tweeted that. I tell people everything, whether or not it is good news, this includes my reports to the countries at the World Bank, this includes my reports to the people who follow me on the internet. That's when I learned in a reply to my tweet that the comment was not taken down; it was still there. So I tweeted back: yes! my laptop shows it, my PC is hacked:

I'll read you the comment:

"Angela Merkel is an agent of the Network of Global Corporate Control...The false reality of the Network of Global Corporate Control is becoming increasingly unraveled since I explained why a German helicopter "buzzed" the US consulate in Frankfurt. The most likely scenario is that the United States, Germany and Russia kick out the Federal Reserve and the rest of the Bank for International Settlement central banks at the center of the Network of Global Corporate Control in a global currency reset."

What does this mean? It means that we are in the middle of a Global Currency Reset and that the United States is in the middle of an Interregnum until we end the secret military rule:

A vatican agent tried yesterday to put a lien on the assets in the Global Debt Facility and to keep the martial law in place in the US. In today's Memo to the Board of the World Bank, I nullified that attempt. <https://s3.amazonaws.com/khudes/Twitter1.5.16.pdf> The United States is in interregnum, pending a return to the Constitution of 1789 via Article V.

I described in a letter to the 25 Ministers on the Development Committee and published this on the internet exactly how we are changing over from unconstitutional federal reserve notes to Treasury \$, and then to aurum from the Global Debt Facility <https://s3.amazonaws.com/khudes/Twitter12.28.15.1.pdf>: People are going to fill in a form that will be published shortly, saying how many Federal Reserve Notes that they are going to be exchanging for Treasury Dollars (up to \$1 million), and which address that they want the Global Debt Facility to mail them a certificate that they are going to present to get their Treasury \$,. I will read you one sentence from that letter how individuals can get certificates for exchanging more than \$1 million Federal Reserve Notes: "Because of the corruption in the international financial system arising from the Network of Global Corporate Control, additional certifications for the exchange of Federal Reserve Notes will need to be determined after the United States has ended its interregnum pursuant to Article V of the Constitution of 1789."

I described on the internet my conversation with a man who called me on my cellphone December 30th and introduced himself to me by saying that he owned alot of companies and then started talking to me about the martial law in the US, and General Dunford. It was not a cordial conversation. Part of our conversation was about whether or not he was trying to intimidate me. If you think that conversation stopped me, you are WRONG.

Before I start reading my letter to General Dunford to you, I want to acknowledge Dwight Hammond Jr. and his son Steven, two cattle ranch patriots who went to jail yesterday in order to keep the peace in the United States. They had already served one jail sentence after being convicted for arson because of fires which they put out at no cost to anyone. U.S. District Judge Ann Aiken, who resented Dwight Hammond Jr.

and his son Steven, is not presiding over a Court under Article III of the US Constitution. All of these unconstitutional courts are going to end their reign of terror shortly as the martial law in the US that started in 1861 ends in a Global Currency Reset.

I called the media out because they are covering up the real news that the unconstitutional courts are getting closed down and replaced by true Article III courts in the Global Currency Reset.

Download from
Dreamstime.com

Dwight and Steven Hammond and other people who did not harm anyone working under slavery in those privately owned jails for the Network of Global Corporate Control are going to be liberated soon.

I also want to mention briefly another story where the dishonest journalists are distracting and frightening the public: this is about Puerto Rico's January 1st default on its debt. Bloomberg refused to cover the story that all country debt is getting offset against the 2 quadrillion in Treaty of Versailles bonds that the 60 central banks owe to the Global Debt Facility <https://s3.amazonaws.com/khudes/Twitter1.2.16.2.pdf>

I am going to read part of the letter to General Dunford in our remaining time today; and will post the full text .

Dear General Dunford,

On October 7, 2015 at the World Bank and IMF Annual Meetings in Lima, I met with India's Minister of Finance (and former Minister of Defense) H.E. Arun Jaitley, Malawi's Minister of Finance, H.E. Goodall E. Gondwe, and twenty other missions. During those meetings we agreed that any country which disagrees with my statements on behalf of the Board of Governors of the World Bank and IMF concerning the Global Debt Facility containing the world's monetary gold reserves and other assets must go on record in writing.

I confirmed this arrangement with the NY Missions and Tokyo Embassies:

Prior to this, I had been clearing in advance the statements that I made on behalf of the Board of Governors, as when I issued this press release

<http://presswire.com/content/1324064/board-governors-world-bank-and-imf-announce-transition-asset-backed-currencies> . This was not necessary when I

invalidated attempts to steal the world's assets in the Global Debt Facility.

After the India-Africa Summit,

I informed Texas and the Joint Chiefs of Staff of my understanding with the Board of Governors of the World Bank and IMF:

I broadcast this understanding with the Board of Governors of the World Bank and IMF on the November 10th episode of DCTV's Network of Global Corporate Control

posted it on my social media: <https://s3.amazonaws.com/khudes/Twitter11.15.15.pdf>

I wanted to thank Silver Doctors for bringing my comment on Alasdair Macleod's economic doomsday scenario out of moderation last week (this is after I posted the comment in my social media and it was retweeted 16 times)

Marshall Swing also persists in ignoring the elephant in the room: the Global Debt Facility containing the world's international monetary gold reserves administered by the Bretton Woods' Board of Governors

<https://s3.amazonaws.com/khudes/Twitter7.11.14.pdf>

The global elites are aware that people already know that their media is bought and sold by the Network of Global Corporate Control identified by Vitali, Glattfelder, and Battiston of ETH Zurich http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf It would be kind of nice for Silver Doctors to end your discredited doomsday charade already. The chances that the world's gold comes out of hiding and is deployed to replace that scam called fractional reserve fiat currencies with national currencies minted out of gold and local currencies is over 90%, according to a power transition model from the US Department of Defense.

<https://s3.amazonaws.com/khudes/sentia+model.pdf> Meanwhile, the Joint Chiefs of Staff know that the loyal military, including the Joint Japan US Committee under the Status of Forces Agreement, back the Monetary Agreement to complete what John F. Kennedy and Ronald Reagan set out to accomplish before they were gunned down.

Pursuant to the Articles of Agreement of the World Bank, the US President does not appoint the President of the World Bank because the 66 year old Gentlemen's Agreement ended in 2010 <https://s3.amazonaws.com/khudes/Twitter12.31.15.1.pdf>

Ever since, I have been working with the coalition for the rule of law on the Board of Governors of the World Bank and IMF to end the corruption in the international financial system. Under Section 4 of Article V of the Articles of Agreement of the International Bank for Reconstruction and Development, the Board of Executive Directors is responsible for the conduct of the general operations of the World Bank. The United States Executive Director, Mr. Matthew McGuire, is in breach of the World Bank's Articles of Agreement and has no further role to play in the Global Currency Reset. <https://s3.amazonaws.com/khudes/Twitter11.13.15.1.pdf>

I refer to my letter to the Development Committee of December 28, 2015, and email to the Chair of the Development Committee

<https://s3.amazonaws.com/khudes/Twitter12.28.15.1.pdf>

which was confirmed the following day on DCTV

<https://www.youtube.com/watch?v=1YrbzPvr3mM> and tweeted:

<https://s3.amazonaws.com/khudes/Twitter12.30.15.pdf>

I also refer to the statement four minutes into the broadcast: "You have not heard from any country denying that I speak for the Board of Governors of the World Bank and IMF. <https://s3.amazonaws.com/khudes/Twitter12.31.15.pdf>

The Network of Global Corporate Control identified by Vitali, Glattfelder, and Battiston of ETH Zurich http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf interrupted the livestreaming to censor that statement. Now the Network of Global Corporate Control is breaking my links, which I simply repost:

<https://s3.amazonaws.com/khudes/Twitter12.27.15.2.pdf>

The whole world is sick and tired of the Network of Global Corporate Control and its paper currency scam. Pursuant to Article V of the 1789 Constitution of the United States, there was to be a convention to consider the applications of more than two-thirds of the state legislatures. Upon the failure of the US Congress to convene this Convention, your secret military rule is nothing other than an interregnum in the legitimate government of the United States. I informed you of the fact that you have usurped power and your military rule has no legitimacy: <https://s3.amazonaws.com/khudes/Twitter12.31.15.pdf>:

The Board of Governors of the World Bank and IMF are exchanging Federal Reserve Notes for the Treasury Dollars printed by Ronald Reagan held by the Global Debt Facility <https://s3.amazonaws.com/khudes/Twitter12.28.15.1.pdf> , and during this interregnum you have no authority to disrupt that procedure so that the Federal Reserve Notes can crash and unilaterally surrender US military might.

Sincerely,

OUTTRO On behalf of the 188 Ministers of Finance that administer the Global Debt Facility, I informed General Dunford that there is an interregnum in the legitimate government of the United States and that martial law in the United States is ending in the Global Currency Reset. There is a stark contrast between what is really going on and the distorted news coverage in the media owned by The Network of Global Corporate Control. Until next week, I am your host Karen Hudes.
