January 5, 2018

I have been telling you for several years that the world is a kinder place than you think. You have been tricked by a corrupt Banking Cartel that is lying to you. Reality is very different. We are going to wind down the bankrupt Banking Cartel and clean up the corruption in the world's monetary system.

I have offered alot of proof for these statements. The Banking Cartel keeps on lying and saying that nothing is going on. What is going on is that the proof that I am offering to you is becoming more and more convincing, and more and more people are becoming convinced.

We have already convinced enough people so that we are now manifest in reality (that is how reality works, because humanity is united and we process our thoughts in a collective unconscious.) I have asked you to get into small study groups to work through this information. These study groups are necessary also to help you figure out when you are being influenced by powerful scalar weaponry that many people are vulnerable to. People in these study groups can process information better, and the Banking Cartel is not going to be able to pick on them or scare them with their false propaganda. I have been following my own advice, and you can see that I am doing just fine.

Canary Bird with Coal Miner

So now I am going to show you some of the compelling proof that we are in a reality where we are all going to be working together in a Global Currency Reset to wind down the Banking Cartel. This is what I am going to keep on doing, and you all need to reach out to convince others to join all of us who are already in the "Coalition for the Rule of Law." We have reached critical mass, that is, we are in reality. Stay tuned as we wind down the Banking Cartel and replace fake paper currencies for local currencies issued by villages and towns and for aurum.

<http://www.peakprosperity.com/podcast/84359/new-way-hold-gold>

I am going to summarize briefly what is in the proof that I am showing you. These links are in sequence. Whenever the Banking Cartel tries to censor this information by breaking the links, that is proof that the Banking Cartel exists and doesn't want you to know the information which I am presenting to you.

@KarenHudes

We are clearly at the fork in the road: WWII or the Global Currency Reset

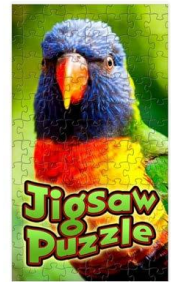

<https://ia800801.us.archive.org/21/items/Twitter9.29.17.1/Twitter9.29.17.1.pdf>

Background information for newbies; the US Mission to the United Nations acknowledged receiving the description of the Global Currency Reset and did not deny that this information was true.

The teleprompter for the DCTV Series about the Banking Cartel on December 5, 2017. That episode was about the Marine Expeditionary Unit attack on the CIA's branch office in Langley, VA. None of the forces who attacked the CIA were charged with anything. That the Marines attacked the CIA was well-documented by the people who lived next to the CIA's branch office. <https://s3.amazonaws.com/khudes/marine+cia.pdf>

Karen Hudes @KarenHudes Jan 21
@Proud_Libbard thanks, we are the winners - we have already put the puzzle together and broken through reality.

The CIA's headquarters are in Switzerland, which is also the headquarters for the Banking Cartel.

The teleprompter documenting the Banking Cartel's bankruptcy on March 21, 2017 was attached at the end of the 12.5.17 teleprompter. It was also in a link in the DCTV segment on 11.14.17. The Banking Cartel tried very hard, and failed, to hide the March 21, 2017 teleprompter when I retweeted it a couple of days ago. <https://s3.amazonaws.com/khudes/dctvteleprompt12.5.17.pdf>

Sincerely,
Karen Hudes

Acting General Counsel, Int'l Bank for Reconstruction and Development
Overseer Mandate Trustee, Global Debt Facility, TVM-LSM-666

We are now implementing the Global Currency Reset. Donald Trump has not and the so-called commanders in the US military have not challenged my statements that they are not in control, and that the US government is not legitimate, and that I represent the US on the Board of Governors of the World Bank and International Monetary Fund that manages the monetary gold reserves of the nations.
